

This addendum updates all revisions of the Discovery™ Bone Densitometry System User Guide (MAN-04897). Place this addendum with your User Guide for reference.

The Note below has been added to the *About FRAX* section of your User Guide.

Note

The FRAX assessment does not tell you who to treat which remains a matter of clinical judgment. In many countries, guidelines are provided that are based on expert opinion and/or on health economic grounds.
