

The Panther Fusion® System

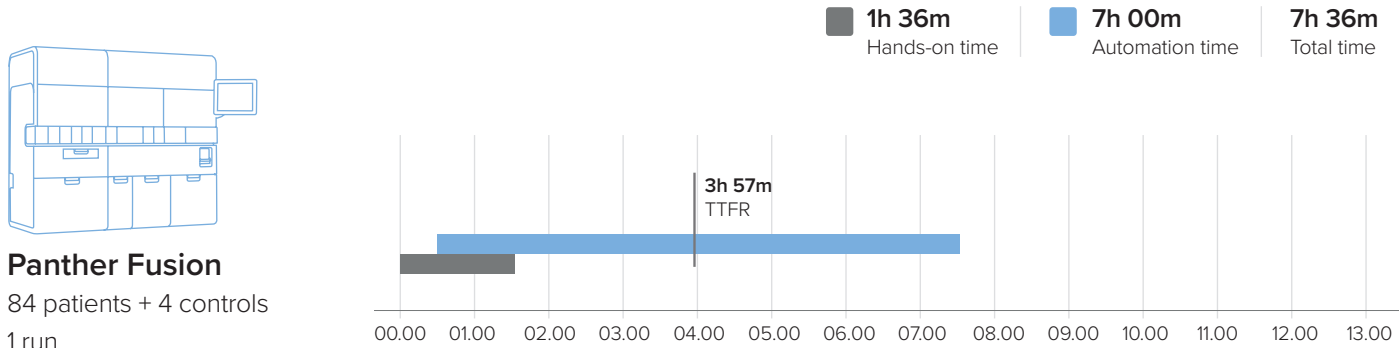

Workflow study*: Consolidate.

Test the ability to consolidate and run 5 Laboratory Developed Tests (LDTs) plus 7 IVDs on the Panther Fusion® with one FTE.

Scope & method

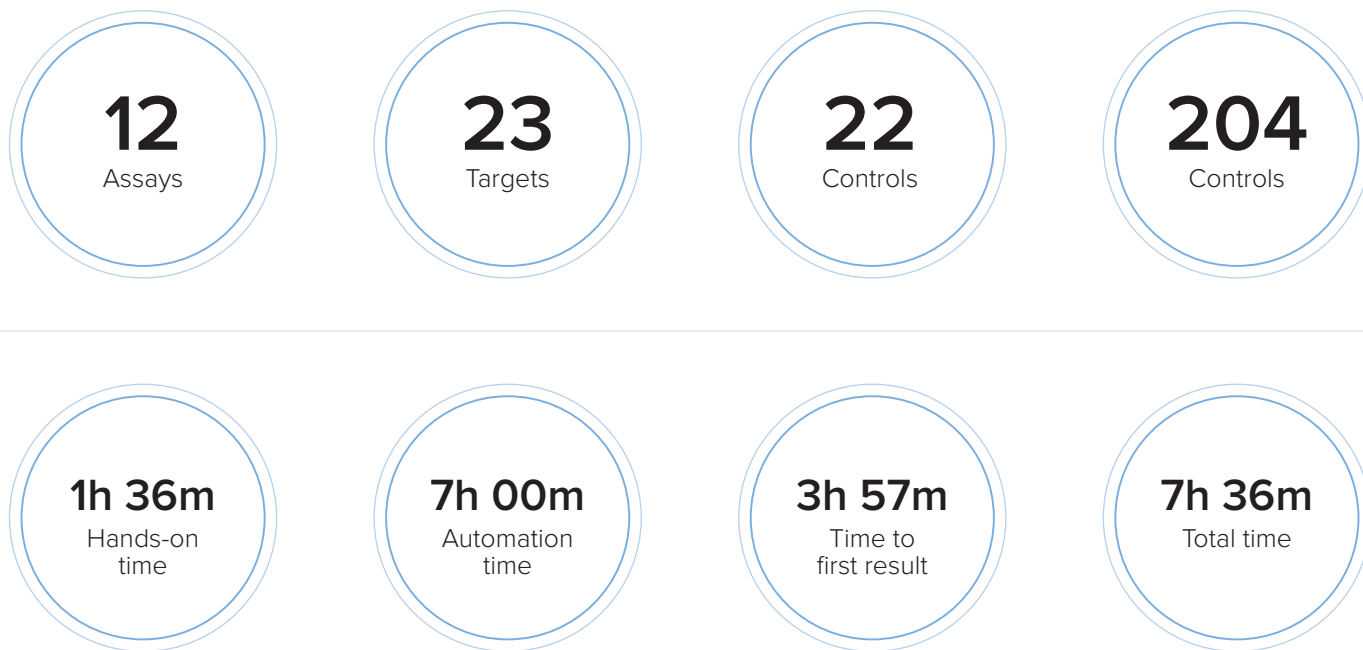

Time to results

Run all IVD and LDT assays together in a single working day with one FTE, one platform and 1h 36m hands-on time.

*A Workflow Study: University of Wisconsin, D Bluel, M Accola, W Rehrauer, Evaluation of Open Access™ on the Hologic Panther Fusion® System. Poster presented at ECCMID 2018

Summary

What does this mean for your laboratory?

Panther Fusion® benefits

- Flexibility
- Freedom
- Control

Open Access™ innovation

- Automation
- Consolidation
- Customisation

Your lab benefits from

- Labour saving
- Time saving
- Cost saving
