

January 2015

Dear Hologic Customer,

As a valued Hologic customer, you have our commitment to provide you with the highest quality customer service, product support and technologically advanced products. We pride ourselves in being the leading manufacturer of Women's Health products, a goal that could not be achieved without customers like you.

Our records indicate that you currently use either an ATEC C115 or ATEC C115MR console. The purpose of this letter is to notify you of the planned schedule for discontinuation of support for certain components included in older ATEC systems. Effective January 31, 2015, we will no longer support the systems listed above. We hope this information will help you plan upgrades that will provide improved performance and reliability and will allow Hologic to continue to provide support for our ATEC systems.

Hologic wants to continue its relationship with you into the future. We remain committed to providing our customers with the highest quality products and service. We hope the information included in this letter helps you plan for upgrades to your ATEC systems. We regret any inconvenience resulting from the Discontinuation announcement; however, we believe you will find our new product offerings very attractive.

Sincerely,

HOLOGIC®
