

# 0° or 30° It's Your Choice!

The Omni® Hysteroscope just got even more versatile

The Omni 30°  
Hysteroscope  
and operating  
sheaths provide  
a **beveled edge**  
feature

# Double the options to meet your patient's needs

## CLEAR.

Precise HD rod lens optics enable an optimal See & Treat experience.

## CUSTOMISED.

Three interchangeable sheaths with 0° or 30° options offer flexible diagnostic and operative capabilities, complete with longer 200mm working length to ensure you can tailor to the patient and procedure.

## COMPREHENSIVE.

One of the most versatile scope suites available for tissue removal procedures. Compatible with a wide array of accessories including Omni® Lok cervical seal and 5 Fr. seal.
