

Hologic Molecular Scalable Solutions

Practical precision to meet your growing needs

Creating Defining Moments Together

EVERY DAY, EVERY DIAGNOSIS IS A DEFINING MOMENT THAT TRANSFORMS LIVES

From the moment you obtain that fast, accurate result, to the moment you can provide a patient with life-changing clarity, we know that these are the defining moments that really matter.

Our pioneering portfolio of customisable solutions and services are adaptable to your specific clinical, operational and financial needs. Delivering scientific precision and clinical accuracy at the scale you need, helping to stretch your lab's productivity without overstressing resources.

G R O W W I T H H O L O G I C

Hologic Molecular Scalable Solutions give labs of all shapes and sizes the power of choice. Select from a broad menu of high performing assay options, run on scalable automation. From a single patient rapid result to population level screening to meet the growing pressure and demands of today, and tomorrow.

NOVODIAG*

Cartridge based, on-demand testing, that delivers clinical confidence in approximately an hour.

ADD PLUS

Compact, stackable and quiet. Combine up to 4 instruments to increase throughput.

PANTHER*

The foundation for assay consolidation, future scalability and growth.

ADD FUSION

Adds flexibility, capacity and expanded testing menu, plus the ability to run Laboratory Developed Tests.

ADD PLUS

Adds further capacity, walkaway time and throughput in 24 hours.

ADD LINK

Virtually connects multiple Panther systems to share information and monitor from a centralised dashboard.

ADD TRAX*

Physically connects Panther systems to increase testing volumes without impacting staff.

THROUGHPUT	On-Demand	Random Access and STAT Testing	Dynamic Scheduling	High-Throughput
TESTING NEED	Targeted, High Multiplex and Syndromic Assays	Routine Lab Testing and Screening		
VOLUME	1-128 Tests Per 24h	1,000 - 10,000 Tests Per Week**		10,000 - 100,000 Tests Per Week**

A COMPREHENSIVE MENU OF ASSAYS

A growing offer of on-demand tests:

- SARS-CoV-2
- Respiratory*
- Hospital-acquired infections
- Antibiotic resistance
- Gastrointestinal
- Meningitis*

CONSOLIDATE YOUR ASSAY MENU

From our broad portfolio focusing on women's health and infectious diseases:

- Cervical health
- Viral load
- Sexually transmitted infections
- Vaginal health
- Hospital-acquired infections

- SARS-CoV-2
- Respiratory
- Transplant
- Gastrointestinal (bacteria, parasite, virus)*
- Open Access for Lab Developed Tests

*In development, not for sale
**Number of tests run on the Panther Scalable Solutions are based on a lab's weekly volume requirements.
